

# PRESS RELEASE

## NORMAN POLICE DEPARTMENT

On Saturday, October 29, 2011, from 9:00 AM until noon, the Norman Police Department will offer several services at no charge to the community. Working in partnership with Absolute Data Shredding, Republic Bank and Trust, Safe Kids Oklahoma, and AAA Oklahoma, the department will offer all of the following as a courtesy to the public:

- A Shred-A-Thon: Dispose of documents such as old checks, receipts, bank statements, and other sensitive materials. Residents may dispose up to a maximum of five boxes of documents. Officers will also accept and properly dispose of any unwanted ammunition.
- A child seat check to ensure proper installation and age appropriateness.
- A CarFit check, which is a program aimed at helping mature drivers learn how well they fit their personal vehicle. Evaluators will offer suggestions that may improve the compatibility between driver and machine. They will focus on areas such as eliminating blind spots, proper seatbelt adjustment and wearing, and seat adjustment to insure older drivers can reach brakes, accelerator, and steering wheel. Technicians will not evaluate driving skills.

All events will occur at the police department, located at 201-B West Gray Street—immediately north of the post office.
